RE: Halabja Case

Dear All:

Since McCallion and Associates has generously agreed to represent the victims of Halabja. We should graciously work with him to move the case forward. Mr. McCallion is a human rights lawyer, who defends victims' rights.

To get the case to the court, we need to come up with initial expenses. Therefore, we need to ask the KNC members and supporters to donate some money so Mr. McCallion would be able to start working on the case. We need to do that as soon as we possibly can. It is perceived that we need to come up with the minimum of \$10,000.

We need to organize a committee consisted of the families of the victims in Halabja or their designees to work with us when their assistance is needed. It is crucial that we create such a committee for the case is theirs, and without their support and involvement we cannot move forward. We have informed the Kurdish leadership about the matter, and will stay in touch with and update them about the future progress.

Make your check/donation payable to the KNC. Please don't forget to write that it is for the Halabja's legal proceedings, and send it to the following address,
